

InterGender Workshop
for PhD Candidates and Advanced Master Students

Doing Trans Studies in an European Context

29 November - 1 December 2023 in Frankfurt/Main, Germany
organized by Louka Maju Goetzke (any pronouns) and Zoe* Steinsberger (she*/her*)

Join us for a three-day in person event on trans* knowledge production and the institutionalization of Trans Studies in Europe. We want to meet with other trans scholars from the European context to discuss our experiences, selected texts, and inputs from international discussions in and on Trans Studies.

PART 1 **HYBRID INTERGENDER COHORT MEETING** Evening 29 November

 online (Zoom) | Westend Campus Goethe University Frankfurt/Main Germany

We start the event with a hybrid session for all PhD students in the InterGender consortium. The aim is to get to know each other and our interests and needs, talk about our current role in the InterGender Network and formulate wishes and needs for InterGender. This session is open for all, independent from participation in the Trans Studies workshop.

PART 2 **TRANS STUDIES WORKSHOP** 30 November - 1 December

 Westend Campus Goethe University Frankfurt/Main, Germany

In the workshop, we want to share our own experiences and work in the field of trans studies, as well as dig into some selected literature together. Our goal is to explore alternative horizons and genealogies of European Trans Studies and trans* knowledge production, the conditions needed to enact them, and possible demands and struggles resulting from this. We will send you the literature which we will discuss 4 weeks prior to the workshop.

We aim for a rather informal setting in which we can develop some initial reflections, centering unfinished and explorative thinking. You're more than welcome to contribute topics, perspectives and questions that connect to and expand our questions to the workshop. To enrich our discussions, we've invited Trans Studies scholar Alyosxa Tudor from SOAS University of London to join us for a hybrid session.
